INDEPENDENT AUDITORS' REPORT

The Honorable Mayor and the City Council
City of Nogales, Arizona

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Nogales, Arizona (City), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Nogales Housing Authority, a major Enterprise Fund, which represents 100 percent of the assets, net position and revenues of the Nogales Housing Authority Enterprise Fund and represents 10 percent, 13 percent, and 25 percent, respectively, of the assets, net position, and revenues of the Business-Type Activities. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Nogales Housing Authority Enterprise Fund, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and those standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Nogales, Arizona as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison statements for the General and Highway User Revenue Funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

During fiscal year ended June 30, 2015, the City adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. As a result of the implementation of GASB Statements No. 68 and No. 71, the City reported a restatement for a change in accounting principle (see Note 3.E.).

Our auditors' opinion was not modified with respect to these restatements.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 4–13 and the pension schedules and OPEB schedules on pages 72–78 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Honorable Mayor and the City Council
City of Nogales, Arizona

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 28, 2016, on our consideration of the City of Nogales, Arizona's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**CITY OF NOGALES, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2015**

The City of Nogales, Arizona (City) is pleased to offer readers of the City's financial statements this narrative overview and analysis of our financial activities for the fiscal year ended June 30, 2015. The intended purpose of the Management's Discussion and Analysis (MD&A) is to provide an introduction to the basic financial statements and notes that provides an objective and easy to read analysis of our financial activities. This analysis is based on currently known facts, decisions, and conditions, and is provided in an easily readable summary of operating results with explanations for material changes. This discussion will help determine if our financial position improved or deteriorated over the past year. This report also addresses current operational activities, the sources, uses, and changes in resources, comparisons to the City's budget, service levels, limitations, significant economic factors, and the status of infrastructure and its impact on our debt and operations. When referring to prior year's data in this analysis we will be drawing upon information from last year's audited financial reports.

Financial Highlights

- ◆ The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$94.1 million (net position).
- ◆ As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$16.0 million, an increase of \$1.7 million in comparison with the prior year.
- ◆ At the end of the current fiscal year, unassigned fund balance for the General Fund was \$12.5 million or 65.1 percent of total General Fund expenditures.
- ◆ General Fund revenues were \$0.2 million less than budget for fiscal year 2015. Expenditures were \$7.0 million less than budget with the General Fund contingency comprising \$5.7 million of that \$7.0 million budget savings.
- ◆ General Fund revenues exceeded expenditures by \$1.0 million.
- ◆ During the fiscal year 2015, the City implemented the provisions of Governmental Accounting Standards Board Statements No. 68 and 71, resulting in a restatement of net position. See Note 3.E. for a reconciliation of net position to the prior year audited financial statements.

Overview of the Financial Statements

The financial section of the Annual Financial Report (AFR) for the City consists of this discussion and analysis, the basic financial statements and the required supplementary schedules presented after the basic financial statements. The basic financial statements include the government-wide financial statements, fund financial statements, including the budgetary statements for the General Fund and major special revenues funds, and notes to the basic financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The *statement of net position* presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as useful indicators of whether the financial position of the City is improving or deteriorating.

**CITY OF NOGALES, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2015**

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. Changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused paid time off).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, and culture and recreation. The business-type activities include only the operations of the sewer system, water system, sanitation and the Nogales Housing Authority.

The government-wide financial statements can be found on pages 14 - 15 of this report.

Fund financial statements - Also presented are the fund financial statements. The fund financial statements focus on major funds of the City, rather than fund type. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and HURF Fund, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation.

The basic governmental fund financial statements can be found on pages 16 - 19 of this report.

**CITY OF NOGALES, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2015**

Proprietary funds - The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for the operations of the water services, sewer services and sanitation services. Additionally, the City's Housing Authority is presented as an enterprise fund. *Internal service funds* are an accounting device used to accumulate and allocate costs among the City's various functions. The City uses internal service funds to account for insurance services, fleet maintenance and supply warehouse inventory. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements, with a portion of the change in net position being allocated to the *business type activities*.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Sewer, Water, Sanitation and the Nogales Housing Authority Funds, which are considered to be major funds of the City. The internal service funds are presented in the proprietary fund financial statements as a separate consolidated column.

The basic proprietary fund financial statements can be found on pages 23 – 30 of this report.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary Funds are not reflected in the government-wide financial statements because the *resources* of those funds are not available to support the City's own programs. The fiduciary funds are custodial in nature and do not present results of operations or a measurement focus.

The basic fiduciary fund financial statement can be found on pages 31 – 32 of this report.

Notes to the basic financial statements. The notes to the basic financial statements (pages 33 – 71) provide additional information that is essential to obtain a full understanding of the data provided in the government-wide and fund financial statements and should be read in conjunction with the basic financial statements.

Required supplementary information other than MD&A. Governments have an option of including the budgetary comparison statements for the General Fund and major special revenue funds as either part of the fund financial statements within the basic financial statements, or as required supplementary information following the notes to the basic financial statements. The City has chosen to present these budgetary statements as part of the basic financial statements. Additionally, governments are required to disclose certain information about employee pensions and other postemployment benefits other than pensions. The City has disclosed this information as required supplementary information other than MD&A on pages 72 – 78 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2015**

Government-Wide Financial Analysis

Net position may serve over time as useful indicators of a government's financial position. The following table reflects the condensed statement of net position of the City for June 30, 2015 and 2014 showing that assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$94.1 million.

**Condensed Statement of Net Position

Restricted	2,944,063	1,899,455	-	88,402	2,944,063	1,987,857
Unrestricted	(23,018,600)	(19,794,452)	(5,659,278)	(4,946,562)	(28,677,878)	(24,741,014)
Total Net Position	\$ 12,772,973	\$ 15,338,461	\$ 81,301,199	\$ 84,445,379	\$ 94,074,172	\$ 99,783,840

Net position is the result of the excess of assets and deferred outflows of resources over liabilities and deferred Inflows of resources reported on the City's statement of net position. Specific discussion regarding the different components of assets, deferred outflows of resources, liabilities and deferred inflows of resources can be found in the notes to the financial statements.

Net position consists of three components. The largest portion of the City's total net position (127%) reflects its net investment in capital assets (e.g., land, intangible assets, buildings, infrastructure, water system, and vehicles, machinery and equipment), less any outstanding related debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining portion of total net position represents resources that are subject to external restrictions or unrestricted net position.

**CITY OF NOGALES, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2015**

At the end of the current fiscal year, the City was able to report positive balances in two of the three categories of net position for the government as a whole. The negative unrestricted net position, reported in both the governmental and business-type activities, was largely due to the recognition of pension related and other postemployment healthcare benefits in the current and prior years, as well as a significant portion of the City's net position being invested in capital assets. The City contributes the actuarially required contributions to its pension obligations and amortizes the liability for the unfunded pension liability and other postemployment healthcare benefits over the employee's service period to the City.

The following table compares the revenue and expenses for the current and previous fiscal year.

**Changes in Net Position
Fiscal Years Ended June 30, 2015 and 2014**

**CITY OF NOGALES, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2015**

Governmental activities. Total governmental revenues increased over the prior year with a net increase of \$0.9 million (3.8%).

Program revenues increased in the current year \$0.6 million largely attributable to capital contributions for a street sweeper and towards the new police records management system. General revenues increased \$0.3 million. The increase was largely due to an improvement in economic activity that resulted in an increase in the City's portion of state-shared revenue (state sales tax and state income tax). The remaining changes in general revenues were not significant.

Overall, expenses increased \$2.6 million from the prior year. The increase was mainly due to increased public safety expenses (\$1.9 million) due to larger public safety grant awards and increased retirement contribution rates for police and fire sworn personnel and an increase in highway and street expenditures (\$0.7 million) related to increased spending on road maintenance and repair projects.

Business-type activities. Charges for services increased over the prior fiscal year by \$0.1 million, which is not considered significant. Other income increased \$0.3 million due to increases in other income for the Nogales Housing Authority.

The increase in expenses (\$0.9 million) was due primarily to increases in Housing Authority expenses in the current year.

The following graph illustrates the City's government-wide expenses previously discussed in a comparative analysis of government-wide revenues, expenses and changes in net position.

**CITY OF NOGALES, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2015**

Financial Analysis of the City's Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of Governmental funds reported by the City include the General Fund, Special Revenue Funds, Capital Projects Fund, and Debt Service Fund.

As of the end of the current fiscal year the City's governmental funds reported combined ending fund balances of \$16.0 million, an increase of \$1.7 million in comparison with the prior year. Approximately 79% of this total amount (\$12.6 million) constitutes General Fund fund balance, which is reported as either nonspendable, restricted, assigned or unassigned fund balance. At the end of fiscal year 2014-15, fund balances were as follows:

Fund	Balance	Increase (Decrease) From 2013-14
General Fund	\$ 12,572,439	\$ 589,812
HURF Fund	1,550,612	1,039,994
Nonmajor Governmental Funds	1,870,630	89,186

The General Fund is the chief operating fund of the City. As a measure of the General Fund's liquidity, it may be useful to compare both the General Fund fund balance and total fund balance to total fund expenditures. The unassigned General Fund fund balance represents 65.1% of total General Fund expenditures. The total unassigned fund balance represents 52.1% of total governmental fund expenditures.

The General Fund fund balance increase of \$0.6 million was the result of increased revenues and lower than anticipated expenditures. The increased revenue was derived from city sales tax, state-shared revenues and fees for services associated with building permits and plan reviews. This increase in revenues was primarily the result of an increase in economic activity that results in increased distributions to local governments.

The HURF Fund fund balance increase of \$1.0 million was the result of an increase in state shared revenue in the current year exceeding increased spending on street projects in the current year

The \$0.1 million increase in Nonmajor governmental fund balance in the current year is not considered significant.

**CITY OF NOGALES, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2015**

Budgetary Highlights

The City's annual budget is the legally adopted expenditure control document of the City. Budgetary comparison statements are required for the General Fund and all major special revenue funds and may be found on pages 20 – 22. These statements compare the original adopted budget, the budget if amended throughout the fiscal year, and the actual expenditures prepared on a budgetary basis. The City did not amend the budget during the fiscal year.

The budget was prepared based on assumptions regarding the continuing decline of the national and regional economy. Although the economy seems to show small signs of stabilizing, the City still follows a conservative approach to budgeting. When the City went into this decline a few years ago, there were very few reserves available as a cushion. Over the past few years, the amount of reserves has shown some improvement, but is still at a level far below the requirements of the City.

General Fund revenues of \$20.3 million were \$0.2 million less than budget for fiscal year 2015. Expenditures were \$7.0 million less than budget with the General Fund contingency comprising \$5.7 million of that \$7.0 million budget savings. The expenditure savings were derived from an unspent contingency allocation and vacancy savings.

Capital Assets

The City's capital assets for its governmental activities as of June 30, 2015 totaled \$47.7 million (net of accumulated depreciation), a decrease from the prior year of 1.7%. Business-type activities capital assets amounted to \$102.4 million (net of accumulated depreciation), a net decrease from the prior year of \$2.0 million. Governmental fund financial statements record capital asset purchases as expenditures. See Note 3.A.4. in the Notes to the Basic Financial Statements for further information regarding capital assets.

Major capital asset events during the current fiscal year included the following:

Governmental Activities – The most significant change in capital assets in the Governmental Activities was \$2.6 million in current year depreciation expense and \$0.4 million in additions to construction in progress. The City also completed \$1.1 million in street maintenance projects including \$0.5 million in projects from the prior year and purchased \$0.6 million in police and general government equipment.

Business-Type Activities – The most significant change in capital assets in the Business-Type Activities was \$3.6 million in current year depreciation expense and \$0.6 million in additions to construction in progress for housing and water projects. Additionally the city purchased \$0.9 million in water and sanitation equipment.

Long-Term Debt

At the end of the current fiscal year, the City had total long-term obligations outstanding of \$55.1 million. \$33.4 million of the outstanding debt is secured by pledges of specific revenue sources in the City, with the remainder being backed by the full faith and credit of the City.

The following schedule shows the outstanding debt of the City (both current and long-term) as of June 30, 2015 and 2014. Further detail on the City's outstanding debt may be found in Notes 3.C. and 3.D. on pages 48 – 51.

**CITY OF NOGALES, ARIZONA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED JUNE 30, 2015**

Economic Factors and Next Year's Budgets and Rates

The City, as well as all other Arizona cities, remains dependent on state shared revenues and local sales taxes for a majority of its general government resources. These revenue sources are sensitive to economic downturns and legislative appropriations. For Nogales, there is the complicating issue of cross-border visitors who shop in the United States. Port of Entry wait times can significantly impact the volume of shoppers from Mexico who travel to Nogales for retail sales. While the local economy seems to be stabilizing slightly, the City continues to spend conservatively and cautiously.

The Fiscal Year 2015-16 budget preparation was influenced by the following factors:

- Modest growth in retail sales projected at the local level with dampened expectations due to the ongoing unfavorable exchange rate for our shoppers from Mexico.
- Modest growth in projected HURF revenues due to the ongoing trend toward improved gas efficiency of vehicles and the growing use of hybrid vehicles.
- Continued efforts to attract new and sustainable businesses to the area.
- Improved cross-border transportation due to the significantly expanded and improved Mariposa Port of Entry.

Financial Contact

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the government's finances and to demonstrate accountability for the use of public funds. Questions about any of the information provided in this report, or requests for additional financial information should be addressed to:

See accompanying Notes to Basic Financial Statements.

CITY OF NOGALES, ARIZONA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2015

Net Change in Fund Balances of Governmental Funds \$ 1,718,992

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for Capital Assets	1,796,914
Less: Current Year Depreciation	(2,616,804)
Excess Depreciation over Capital Expenditures	(819,890)

The issuance of long term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The issuance of long-term debt increases long-term liabilities on the statement of net position and the repayment of principal on long-term debt reduces long-term debt on the statement of net position. Also, governmental funds report the effect of premiums, discounts, and similar items when the debt is first issued, whereas these items are amortized over the term of the long term debt in the statement of activities.

Principal Payments on Long-Term Revenue Bonds	82,631
Principal Payments on Capital Leases	365,358
Amortization of Bond Premium	9,709
Amortization of Deferred Amount on Refunding	(6,224)

Governmental funds report City pension contributions as expenditures when made. However, in the statement of activities, pension expense is the cost of benefits earned, adjusted for member contributions, the recognition of changes in deferred outflows and inflows of resources related to pensions, and the investment experience.

Pension Contributions	1,751,734
Pension Expense	(3,589,861)
Net Adjustment for Pension Expense	(1,838,127)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Net Decrease in Compensated Absences	55,540
Net Increase in Other Postemployment Benefits	(2,209,469)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenues of the internal service fund is reported with governmental activities.

Net Revenues of the Internal Service Fund	97,337
Less: Amount Attributable to the Business-Type Activities	(21,345)
	75,992

Change in Net Position of Governmental Activities \$ (2,565,488)

See accompanying Notes to Basic Financial Statements.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the City of Nogales, Arizona (City) have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB). A summary of the City's more significant accounting policies follows.

During the year ended June 30, 2015, the City adopted Governmental Accounting Standards Board Statement (GASBS) No. 68, *Accounting and Financial Reporting for Pensions*, and GASBS No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date-an amendment of GASB Statement No. 68*, both of which provides financial reporting guidance for reporting pension liabilities and expenses.

A. Reporting Entity

The City is a municipal government that is governed by a separately elected governing body. It is legally separate from and fiscally independent of other state and local governments. The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations.

Included within the reporting entity:

Nogales Housing Authority (NHA) – The NHA is a public benefit corporation formed to provide subsidized public housing in accordance with federal legislation. The City Council acts as the Governing Board of the NHA. The Governing Board employs executives, authorizes contracts of subsidy with the U.S. Department of Housing and Urban Development pursuant to the latter agency's regulations and statutory authorizations, and causes the corporation to construct, own and operate public housing facilities within the boundaries of the City. The financial liability of the housing agency is essentially supported by the operating and debt service or cash subsidies received under contract from the federal government, although services or cash subsidies may be, and from time to time, are received from the City as well. The NHA is reported as an enterprise fund and a blended component unit of the City. The audited financial statements of the NHA may be obtained at the offices of the NHA. The financial information reported for the NHA is based on a March 31, 2015 fiscal year-end.

Nogales Municipal Development Authority (MDA) – The MDA is a nonprofit corporation formed by the City to obtain financing for various City capital needs. The Directors of the MDA are appointed by the City Council. The MDA has the authority to issue bonded debt to finance City capital projects, providing a financial benefit to the City because the debt issued by the MDA is not subject to the City's debt limit. The City also incurs a financial burden as the City is responsible for the paying the outstanding bonded debt. The MDA is reported as a blended component unit Debt Service Fund in the governmental funds. The City does not issue separate financial statements for the MDA.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. The effect of interfund activity has been removed from these statements. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Special assessment taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting, except expenditures related to compensated absences and claims and judgments, which are recorded only when payment is due.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Intergovernmental grants and aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *Highway Users Revenue Special Revenue Fund* accounts for the operations of the street maintenance department. Financing is provided by the City's share of state gasoline taxes, which is a restricted revenue source. State law requires these gasoline taxes be used to maintain streets.

The City reports the following major proprietary funds:

The *Water Fund* accounts for the costs to operate, construct and finance the City's water system.

The *Sewer Fund* accounts for the costs to operate, construct and finance the wastewater treatment system.

The *Sanitation Fund* accounts for the costs to operate, construct and finance the City's sanitation service.

The *Nogales Housing Authority (NHA) Fund* accounts for the activity of the City's subsidized public housing agency, a component unit of the City.

Additionally, the City reports the following fund types:

The *Internal Service Funds* account for the City's limited risk, self-insurance program for employee and dependent medical care and for the fleet maintenance and inventory warehouse operations provided to the other departments of the City.

The *Fiduciary Fund* accounts for assets held by the City in a trustee capacity and consists of the City's Volunteer Firefighters Relief and Pension Trust.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges for services. Operating expenses for the proprietary funds include the cost of sales and services and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, for governmental activities it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. For business-type activities, the use of restricted resources is governed by the applicable bond covenants.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity

1. Deposits and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the State Treasurer, and highly liquid investments with maturities of three months or less from the date of acquisition.

Cash and investments are pooled except for funds required to be held by fiscal agents or restricted under provisions of bond indentures. Interest earned from investments purchased with such pooled monies is allocated to each of the funds based on the average daily cash balances. State statutes authorize the City to invest in obligations of the U.S. Treasury and U.S. agencies, certificates of deposit in eligible depositories, repurchase agreements, obligations of the State of Arizona or any of its counties or incorporated cities, Towns or duly organized school districts, improvement districts in this state and the State Treasurer's Local Government Investment Pool. Investments are stated at fair value.

2. Receivables

Receivables include all trade receivables, intergovernmental receivables for earned, but not yet received sales tax, state shared revenues, federal and state grants, and interest revenue.

All trade receivables are shown net of an allowance for uncollectibles. The governmental activities report an allowance of \$299,650 related to ambulance billings, recorded in the General Fund, and the business-type activities report an allowance of \$319,516.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

3. Interfund Receivables/Payables

During the course of operations, individual funds within the City's pooled cash accounts may borrow money from the other funds within the pool on a short-term basis. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet of the fund financial statements and are eliminated in the preparation of the government-wide financial statements. Borrowings between governmental and business-type activities are reflected on the government-wide financial statements as interfund balances.

Similarly, funds may borrow from other funds within the pool on a long-term basis. These receivables and payables are classified as "advances to other funds" or "advances from other funds" on the balance sheet of the fund financial statements. Borrowings between governmental funds are eliminated in the preparation of the government-wide financial statements. Borrowings between governmental and business-type activities are reflected on the government-wide financial statements as interfund balances.

4. Inventories and Prepaid Items

Inventories consist of expendable supplies held for consumption. Inventories are valued at cost using the first-in/first-out (FIFO) method and are recorded as an expenditure/expense in the governmental fund financial statements and the government-wide and proprietary fund financial statements at the time of consumption.

Prepaid items represent goods and/or services paid in advance of receiving the benefit associated with the prepaid item. Expenses are recognized in the period in which the goods and/or services are received/rendered.

5. Restricted Assets

Certain assets of the governmental activities, business-type activities and enterprise funds are set aside for repayment of debt or are restricted for construction, operation and maintenance or the purchase of assets by parties outside the City, through bond covenant agreements or other restrictions.

Customer deposits recorded in the governmental activities, business-type activities and enterprise funds are set aside for repayment to customers.

6. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

6. Capital Assets (Continued)

Property, plant and equipment purchased or acquired is carried at historical cost or estimated historical cost. Contributed assets are recorded at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

General infrastructure assets acquired prior to July 1, 2002 are reported in the basic financial statements. Infrastructure acquired prior to July 1, 2002 are reported at historical cost or estimated historical cost and depreciated over the estimated useful lives of the assets.

The City has active construction contracts funded through debt obligations. Interest is capitalized in the proprietary funds on constructed assets based on the estimated percentage of completion.

Depreciation on all assets is provided on a straight-line basis over the following estimated useful lives:

Buildings and Improvements	45 Years
Improvements Other than Buildings	20 to 45 Years
Infrastructure	20 to 45 Years
Machinery, Equipment and Vehicles	7 to 15 Years

7. Deferred Outflows of Resources

The deferred outflows of resources reported in the government-wide financial and proprietary fund financial statements, represent the reacquisition costs related to the refunding of bonded debt and amounts related to pensions.

The reacquisition costs are amortized and expensed over the lesser of the maturity of the refunded bonds or the refunding bonds. Reported amounts for pensions are related to the requirements of accounting and financial reporting for pensions under GASBS No. 68.

8. Compensated Absences

The liability for compensated absences reported in the government-wide and proprietary fund financial statements consist of unpaid, accumulated leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

9. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statements of net position. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Pension Plans

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arizona State Retirement System (ASRS) and Public Safety Personnel Retirement System (PSPRS) and additions to/deductions from ASRS/PSPRS's fiduciary net position have been determined on the same basis as they are reported by ASRS/PSPRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

11. Deferred Inflows of Resources

The deferred inflows of resources reported on the government-wide and proprietary fund financial statements represent amounts related to pensions which are reported under the requirements of accounting and financial reporting under GASBS No. 68.

The deferred inflows of resources reported in the governmental fund financial statements represent resources that are not available to the City as of June 30, 2015 or within 60 days of fiscal year end. The deferred inflows of resources represent a reconciling item between the governmental fund financial statements and the government-wide financial statements.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

12. Net Position

In the government-wide financial statements, net position is reported in three categories: net investment in capital assets; restricted net position; and unrestricted net position. Net investment in capital assets is separately reported because capital assets make up a significant portion of total net position. Restricted net position accounts for the portion of net position restricted by parties outside the City. Unrestricted net position is the remaining net position not included in the previous two categories.

None of the restricted net position is restricted by enabling legislation.

13. Fund Balance Classifications

Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, committed, assigned, and unassigned fund balances.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form such as inventories and prepaid items, or are legally or contractually required to be maintained intact.

Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations.

Committed fund balances are self-imposed limitations approved by the City's Council, which is the highest level of decision-making authority within the City. Only the City Council can remove or change the constraints placed on committed fund balances through formal council action. Fund balance commitments must be made or removed prior to fiscal year end.

Assigned fund balances are resources constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. The City Council has authorized the Finance Director to make assignments for specific purpose.

The unassigned fund balance is the residual classification for the General Fund and includes all amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

It is the City's policy to use restricted fund balance first, then committed, assigned, and lastly unassigned amounts.

**CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015**

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity (Continued)

13. Fund Balance Classifications (Continued)

At June 30, 2015, the City reported the following fund balance classifications:

	General Fund	HURF Fund	Nonmajor Governmental Funds	Total Governmental Funds
Nonspendable				
Prepays	\$ 16,895	\$ -	\$ -	\$ 16,895
Restricted				
Impound Fees	20,763	-	-	20,763
Streets	-	1,550,612	-	1,550,612
Local Transportation Assistance	-	-	348,453	348,453
Federal and State Grants	-	-	1,012,780	1,012,780
Unspent Lease Proceeds	-	-	258,364	258,364
Debt Service	-	-	412,897	412,897
Unassigned	12,534,781	-	(161,864)	12,372,917
Total Fund Balance	<u>\$ 12,572,439</u>	<u>\$ 1,550,612</u>	<u>\$ 1,870,630</u>	<u>\$ 15,993,681</u>

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Arizona Revised Statutes, the City Manager submits a proposed budget for the fiscal year commencing the following July 1, to the City Council. The operating budget includes proposed expenditures and the means of financing them for the upcoming year.
2. Public hearings are conducted to obtain taxpayer comment.
3. Prior to the third Monday in August, the expenditure limitation for the City is legally enacted through passage of an ordinance. To ensure compliance with the expenditure limitation, a uniform expenditure report must be filed with the State each year. This report, issued under a separate cover, reconciles total City expenditures from the audited basic financial statements to total expenditures for reporting in accordance with the State's uniform expenditure reporting system (A.R.S. §41-1279.07).

**CITY OF NOGALES, ARIZONA
 NOTES TO BASIC FINANCIAL STATEMENTS
 JUNE 30, 2015**

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

A. Budgetary Information (Continued)

4. Expenditures may not legally exceed the expenditure limitation of all fund types as a whole. The City Council legally adopts a budget by department for the General Fund and in total by other funds. The City Manager, subject to the City Council, may at any time transfer any unencumbered appropriation balance or portion thereof between a department or activity. The adopted budget cannot be amended in any way without City Council approval.
5. Formal budgetary integration is employed as a management control device during the year for the General, Special Revenue and Capital Projects Funds on essentially the same modified accrual basis of accounting used to record actual revenues and expenditures.

The City is subject to the State of Arizona's Spending Limitation Law for Towns and Cities. This law does not permit the City to spend more than budgeted revenues plus the carryover unrestricted cash balance from the prior fiscal year. The limitation is applied to the total of the combined funds. The City complied with this law during the year.

No supplementary budgetary appropriations were necessary during the year.

B. Excess of Expenditures Over Appropriations

Expenditures exceeded appropriations in the following funds/departments:

	<u>Amount of Overexpenditure</u>
General Fund:	
Mayor	\$ 4,692
Elections	543
MIS	10,397
Cemetery	28,480
Building Inspections	7,596
Facilities Maintenance	4,129
Golf Course	64,312

Cash was available to meet all the over expenditures listed above.

C. Deficit Fund Equity

A deficit net position in the amount of \$3,712,079 was reported in the Sanitation Fund. The City does not expect to recover the deficit in the upcoming fiscal year, but plans to reduce costs in future years to reduce the deficit.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 3 DETAILED NOTES ON ALL FUNDS

A. Assets

1. Deposits and Investments

Deposits and investments at June 30, 2015 consist of the following:

Deposits:	
Cash on Hand	\$ 4,245
Cash in Bank	17,799,668
Certificates of Deposit	1,277,851
Investments:	
U.S. Government Money Market Securities	2,538,082
U.S. Treasury Bill	<u>2,445,769</u>
Total Deposits and Investments	24,065,615
Restricted Cash and Investments	(5,834,449)
Fiduciary Funds	<u>(15,769)</u>
Total Cash and Cash Equivalents	<u>\$ 18,215,397</u>

Deposits – The carrying value of the City’s deposits at June 30, 2015 was \$19,077,519 including certificates of deposit, and the bank balance was \$19,165,689 the full balance of which was covered by federal depository insurance or collateral held under the continuing deposit security agreement.

Investments – All investments of the City are uninsured and unregistered with the securities held by the counterparty’s trust department or agent in the City’s name.

Interest rate risk. In accordance with the City’s investment policy, the City manages its exposure to declines in fair values by limiting the City’s investment portfolio to U.S. government securities with maturities of less than six months.

Custodial credit risk. For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have a formal investment policy regarding custodial credit risk.

Credit risk – The City limits its investments to U.S. Government Securities. The City has invested funds in U.S. Government Money Market Funds and U.S. Treasury Bills and, therefore, has no credit risk.

Concentration of Credit Risk – The City’s investment policy does not address concentration of credit risk. However, the City only invests in funds authorized by Arizona State law and only has investments in U.S. Government Money Market and U.S. Treasury Bills at June 30, 2015.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. Assets (Continued)

2. Restricted Assets

Restricted assets of the City at June 30, 2015 consisted of the following:

	Governmental Activities	Business-type Activities	Total
Operation and Maintenance	\$ -	\$ 145,307	\$ 145,307
Repair and Replacement Fund	-	92,964	92,964
Future Debt Service and Construction	412,897	3,894,657	4,307,554
Customer Deposits	43,731	727,057	770,788
Unspent Lease Proceeds	258,364	259,472	517,836
Total	<u>\$ 714,992</u>	<u>\$ 5,119,457</u>	<u>\$ 5,834,449</u>

3. Receivables

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also report unearned revenue in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred inflows of resources reported in the governmental funds were as follows:

	Unavailable
Nonmajor Governmental Funds	
Special Assessments Receivable	<u>\$ 11,455</u>

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

A. Assets (Continued)

5. Construction Commitments

The City has active construction projects at June 30, 2015. At fiscal year end the City's commitments with contractors were as follows:

	Business-Type Activities	
Project	Spent-to-date	Remaining Commitment
Extreme West Pressure Zone Pump Station	\$ 232,320	\$ 1,713,687

B. Interfund Receivables, Payables, And Transfers

As of June 30, 2015 interfund receivable and payables were as follows:

	Due To
Due From	General Fund
Sewer Fund	\$ 2,808,590
Sanitation Fund	1,332,838
Internal Service Fund	65,980
	\$ 4,207,408

The above interfund receivables and payables were recorded to cover a cash deficit at year-end. Funds were received subsequent to June 30, 2015 for the Internal Service Fund to cover the deficit. Funds are not expected to be received within the next year for the Sewer or the Sanitation Fund to cover the deficit.

	Advances To
Advances From	Sanitation Fund
Sewer Fund	\$ 49,100

The advance represents a long-term loan between the Sewer fund and the Sanitation Fund. The advance is reported as a long-term liability and no short-term arrangements have been made to repay the advance.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

B. Interfund Receivables, Payables, And Transfers (Continued)

As of June 30, 2015, transfers were as follows:

Transfers In	Transfers Out				Total
	General Fund	HURF Fund	Internal Service Funds	Water Fund	
General Fund	\$ -	\$ -	\$ -	\$ 17,885	\$ 17,885
Nonmajor Governmental Funds	464,424	240,710	-	95,489	800,623
Sewer Fund	-	-	674	357	1,031
Sanitation Fund	-	-	-	34,489	34,489
Total	\$ 464,424	\$ 240,710	\$ 674	\$ 148,220	\$ 854,028

The transfer from the General Fund and HURF Fund to the Nonmajor governmental funds was recorded to make the principal and interest payments due on the outstanding revenue bonds. The transfer from the Internal Service fund to the Sewer Fund and the transfer from the Water fund to the General Fund, Nonmajor governmental fund, Sewer fund and Sanitation fund was to record the reallocation of unspent lease proceeds between the funds based on the City's revised spending plans.

C. Obligations Under Capital Leases

The City has entered into lease agreements as a lessee for financing the acquisition of various equipment items. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through capital leases are as follows:

	Governmental Activities	Business-type Activities
Assets:		
Machinery and Equipment	\$ 3,359,457	\$ 3,119,494
Less: Accumulated Depreciation	(2,494,872)	(812,665)
Total	\$ 864,584	\$ 2,306,829

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

C. Obligations Under Capital Leases (Continued)

The future minimum lease payments under the capital leases, together with the present value of the net minimum lease payments as of June 30, 2015, were as follows:

<u>Year Ending June 30,</u>	<u>Governmental Activities</u>	<u>Business-type Activities</u>
2016	\$ 425,063	\$ 394,683
2017	427,030	396,974
2018	427,874	397,956
2019	229,106	241,380
2020	73,451	85,534
2021 - 2022	94,565	110,122
Total Minimum Lease Payments	<u>1,677,089</u>	<u>1,626,649</u>
Less: Amount Representing Interest	(116,099)	(99,734)
Present Value of Minimum Lease Payments	<u>\$ 1,560,990</u>	<u>\$ 1,526,915</u>

D. Long-Term Obligations

The City has long-term bonds and loans payable issued to provide funds for the acquisition and construction of major capital facilities. The City has also issued debt to refund earlier obligations with higher interest rates. Compensated absences are paid by the applicable fund where each employee is regularly paid.

The City of Nogales, Arizona reports the following outstanding bonds:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Maturity Date</u>	<u>Original Amount</u>	<u>Outstanding Amount</u>
Governmental Activities:

NOTE 3 DETAILED NOTES ON ALL FUNDS (CONTINUED)

D. Long-Term Obligations (Continued)

The City has pledged excise tax revenues of the General Fund to repay \$14.5 million in governmental municipal facilities revenue obligation bonds presented on the table above. Proceeds of the bonds provided financing for street improvements, bridges and other City infrastructure. The bonds are payable from the City's Debt Service Fund through transfers from the General Fund and the HURF excise tax revenues and are payable through 2039. Annual principal and interest payments on the bonds are expected to require less than 10.0% of revenues. The total principal and interest remaining to be paid on the bonds is \$22,908,697. Principal and interest paid for the current year and total excise taxes were \$1,091,978 and \$19,753,422, respectively.

The City's Sewer, Water and Sanitation Funds use operating funds to repay \$21.8 million in business-type revenue obligation bonds presented on the table on the previous page. Proceeds of the bonds provided financing for upgrades to the sewer treatment facility, water infrastructure and sanitation infrastructure. The bonds are payable from the applicable Sewer, Water or Sanitation Fund in proportion to the percent of funds used by the particular funds through 2039. In the event operations of the Water, Sewer or Sanitation Funds are not sufficient to make the required principal and interest payments, the debt is pledged through City excise tax revenues. Annual principal and interest payments on the bonds are expected to require approximately 20.0% of revenues. The total principal and interest remaining to be paid on the bonds is \$31,848,609.

Changes in governmental long-term obligations for the year ended June 30, 2015 are as follows:

	July 1, 2014	Increases	Decreases	June 30, 2015	Due Within One Year

Internal Service Funds	2,416,833	(437,950)	26,828	2,005,711

NOTE 4 OTHER INFORMATION

A. Risk Management

The City of Nogales, Arizona, is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The City's insurance protection is provided by a private carrier (Arizona Municipal Risk Retention Pool), of which the City is a participating member. The limit for basic coverage is \$5,000,000 per occurrence on a claims made basis. Excess coverage is for an additional \$8,000,000 per occurrence on a follow form, claims made basis. No significant reduction in insurance coverage occurred during the year and no settlements exceeded insurance coverage during any of the past three fiscal years.

The City established the City of Nogales Employee Benefit Trust (an internal service fund reported as the Health Insurance Fund) which accounts for and finances the City's uninsured risks of loss for certain health and welfare benefits to eligible employees and their dependents. Under this program, the City is self-insured for up to \$75,000 for each insured's health care claim, not to exceed a maximum individual annual stop loss of \$2,000,000 and is self-insured for annual aggregate losses up to \$2,623 per covered employee plus \$4,196 per covered dependent unit per year. The City purchases commercial insurance for claims in excess of coverage provided by the Plan and for all other risks of loss. Settled claims did not exceed the aggregate stop loss for the year ended June 30, 2015. In addition, settlements did not exceed insurance coverage for each of the past three fiscal years.

**CITY OF NOGALES, ARIZONA
 NOTES TO BASIC FINANCIAL STATEMENTS
 JUNE 30, 2015**

NOTE 4 OTHER INFORMATION (CONTINUED)

A. Risk Management (Continued)

All funds of the City participate in the program and make payments to the Employee Benefit Trust based on estimates from the plan administrator of the amounts needed to pay prior and current-year claims and to establish a reserve for catastrophic losses. The claims liability reported at June 30, 2015 is based on the requirement that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the claims liability amount for the years ended June 30, 2015 and 2014 were as follows:

	Claims Liability at beginning of year	Current Year Claims and Changes in Estimates	Claims Payments	Claims Liability at end of year
2014-15	\$ 261,030	\$ 2,123,634	\$ (2,120,156)	\$ 264,508
2013-14	282,097	2,051,277	(2,072,344)	261,030

B. Contingencies

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's legal counsel, the City has some exposure to loss; however, the City is vigorously defending these claims and any loss or dollar value of the loss is not determinable.

C. Retirement Plans

Firefighters Relief and Pension Fund

The City of Nogales Volunteer Firefighters' Relief and Pension Fund is a defined contribution pension plan administered by the City and a board of trustees for the City's volunteer firefighters.

A defined contribution pension plan provides benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual's account are to be determined instead of specifying the amount of benefits the individual is to receive. According to state statute, a volunteer firefighter who has served 25 years or more or has reached 60 years of age and has served 20 years or more shall be eligible to receive a monthly retirement not to exceed \$150 per month, as determined by the board of trustees. Such pension, if paid, may be increased or decreased in amount, or discontinued at the discretion of the board of trustees. Pension and relief benefits may only be paid from the income of the trust fund. However, a firefighter who leaves the service without being eligible for retirement benefits is entitled to all previous deductions from his salary plus interest at a rate determined by the board of trustees. As established by state statute, in lieu of another acceptable pension plan, all volunteer firefighters must participate in the pension plan from the date they enter service.

**CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015**

NOTE 4 OTHER INFORMATION (CONTINUED)

C. Retirement Plans (Continued)

Firefighters Relief and Pension Fund (Continued)

No contributions were made and none were required to be made during the fiscal year.

No pension provision changes occurred during the year that affected the required contributions to be made by the City or its volunteer firefighters.

The Firefighters' Relief and Pension Fund held no securities of the City or other related parties during the fiscal year or as of the close of the fiscal year.

Cost-Sharing and Agent Multiple Employer Pension Plans

The City contributes to the Arizona State Retirement System (ASRS) and the Public Safety Personnel Retirement System (PSPRS) for police officers and firefighters. The plans are component units of the State of Arizona.

At June 30, 2015 the City reported the following aggregate amounts related to pensions for all plans to which it contributes:

Statement of Net Position and Statement of Activities	Governmental Activities	Business-Type Activities	Total
Net Pension Liabilities	\$ 27,243,720	\$ 2,640,031	\$ 29,883,751
Deferred Outflows of Resources	6,199,485	408,013	6,607,498
Deferred Inflows of Resources	2,161,996	461,660	2,623,656
Pension Expense	3,624,335	221,155	3,845,490

The City reported accrued payroll and employee benefits of \$47,182 for outstanding pension contribution amounts payable to all pension plans for the year ended June 30, 2015. Additionally, the City reported \$1,751,734 of pension expenditures in the governmental funds related to all pension plans to which it contributes.

The net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense recorded in the City's financial statements excludes the proportionate share allocated to the Nogales Housing Authority Enterprise Fund. The Nogales Housing Authority issues separately audited financial statements and has a fiscal year end of March 31, 2015 and was not required to implement the provisions of GASBS No. 68 and 71.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015**

NOTE 4 OTHER INFORMATION (CONTINUED)

C. Retirement Plans (Continued)

Arizona State Retirement System

Plan Descriptions – City employees not covered by the other pension plans described on the following pages participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing, multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined benefit health insurance premium benefit (OPEB); and a cost-sharing, multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its Web site at www.azasrs.gov.

Benefits Provided – The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	Retirement	
	Initial Membership Date	
	Before July 1, 2011	On or After July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years age 62 5 year age 50* any years age 65	30 years age 55 25 years age 60 10 years age 62 5 years age 50* any years age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percentage per year of service	2.1% to 2.3 %	2.1% to 2.3 %

* With actuarially reduced benefits

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earnings. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the survivor benefit is determined by the retirement benefit option chosen. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

NOTE 4 OTHER INFORMATION (CONTINUED)

C. Retirement Plans (Continued)

Arizona State Retirement System (Continued)

Contributions – In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2015, active ASRS members were required by statute to contribute at the actuarially determined rate of 11.60 percent (11.48 percent for retirement and 0.12 percent for long-term disability) of the members' annual covered payroll, and the City was required by statute to contribute at the actuarially determined rate of 11.60 percent (10.89 percent for retirement, 0.59 percent for the health insurance premium benefit, and 0.12 percent for long-term disability) of the active members' annual covered payroll.

In addition, the City was required by statute to contribute at the actuarially determined rate of 9.57 percent (9.51 percent for retirement and 0.06 percent for long-term disability) of annual covered payroll of retired members who worked for the City in positions that would typically be filled by an employee who contributes to the ASRS. The City's contribution to the pension plan for the year ended June 30, 2015 was \$651,242 (excluding contributions of the Nogales Housing Authority previously discussed). The City's contributions for the current and two preceding years for OPEB, all of which were equal to the required contributions, were as follows:

Year Ended June 30,	Health Benefit Supplement Fund	Long-Term Disability Fund
2015	\$ 25,001	\$ 7,713
2014	36,262	14,505
2013	40,135	14,819

During the fiscal year ended June 30, 2015, the City paid for ASRS pension and OPEB contributions as follows: 64 percent from the General Fund, 6 percent from the HURF Fund, 25 percent from major enterprise funds, and 5 percent from other funds.

Pension Liability – At June 30, 2015, the City reported a liability of \$10,108,710 for its proportionate share of the ASRS' net pension liability. The net pension liability was measured as of June 30, 2014. The total pension liability used to calculate the net pension liability was determined using update procedures to roll forward the total pension liability from an actuarial valuation as of June 30, 2013, to the measurement date of June 30, 2014.

**CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015**

NOTE 4 OTHER INFORMATION (CONTINUED)

C. Retirement Plans (Continued)

Arizona State Retirement System (Continued)

The City's reported liability at June 30, 2015, decreased by \$662,632 from the City's prior year liability of \$10,757,117 because of changes in the ASRS' net pension liability and the City's proportionate share of that liability. The ASRS' publicly available financial report provides details on the change in the net pension liability.

The City's proportion of the net pension liability was based on the City's FY 2014 contributions. The City's proportion measured as of June 30, 2014, was 0.073466 percent, which was an increase of 0.003883 from its proportion measured as of June 30, 2013.

Pension Expense and Deferred Outflows/Inflows of Resources – For the year ended June 30, 2015, the City recognized pension expense for ASRS of \$846,807. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 513,752	\$ -
Net difference between projected and actual earnings on pension plan investments	-	1,767,702.00
Changes in proportion and differences between City contributions and proportionate share of contributions	417,680	-
City contributions subsequent to the measurement date	651,242	-
Total	\$ 1,582,674	\$ 1,767,702

The \$651,242 reported as deferred outflows of resources related to ASRS pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ASRS pensions will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	
2016	\$ (36,954)
2017	(36,954)
2018	(320,434)
2019	(441,928)

NOTE 4 OTHER INFORMATION (CONTINUED)

C. Retirement Plans (Continued)

Arizona State Retirement System (Continued)

Actuarial Assumptions – The significant actuarial assumptions used to measure the total pension liability are as follows:

Actuarial Valuation Date	June 30, 2013
Actuarial Roll Forward Date	June 30, 2014
Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	8%
Projected Salary Increases	3 - 6.75%
Inflation	3%
Permanent Benefit Increase	Included
Mortality Rates	1994 GAM Scale BB

Actuarial assumptions used in the June 30, 2013 valuation were based on the results of an actuarial study for the 5-year period ended June 30, 2012.

The long-term expected rate of return on ASRS pension plan investments was determined to be 8.79 percent using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Real Return Arithmetic Basis
Equity	63%	7.03%
Fixed Income	25%	3.20%
Real Estate	8%	4.75%
Commodities	4%	4.50%
Total	<u>100%</u>	

Discount Rate – The discount rate used to measure the ASRS total pension liability was 8 percent, which is less than the long-term expected rate of return of 8.79 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board’s funding policy, which establishes the contractually required rate under Arizona statutes. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City’s Proportionate Share of the ASRS Net Pension Liability to Changes in the Discount Rate – The following table presents the City’s proportionate share of the net pension liability calculated using the discount rate of 8 percent, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (7 percent) or 1 percentage point higher (9 percent) than the current rate.

	1% Decrease (7%)	Current Discount Rate (8%)	1% Increase (9%)
City's proportionate share of the net pension liability	\$ 12,776,894	\$ 10,108,710	\$ 8,661,089

Pension Plan Fiduciary Net Position – Detailed information about the pension plan’s fiduciary net position is available in the separately issued ASRS financial report.

Public Safety Personnel Retirement System (PSPRS)

Plan Description – City police employees and City firefighters who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS). The PSPRS administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium benefit (OPEB) plan (agent plans). A seven-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

The PSPRS issues a publicly available financial report that includes their financial statements and required supplementary information. That report is available on the PSPRS Web site at www.psprs.com.

Public Safety Personnel Retirement System (PSPRS) (Continued)

Benefits Provided — The PSPRS provides retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefits terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

PSPRS	<u>Initial Membership Date</u>	
	<u>Before January 1, 2012</u>	<u>On or After January 1, 2012</u>
<u>Retirement and Disability</u>		
Years of service and age required to receive benefit	20 years any age 15 years age 62	25 years and age 52.5
Final average salary is based on	Highest 36 consecutive months of last 20 years	Highest 60 consecutive months of last 20 years
Benefit percentage		
Normal Retirement	50% less 2.0% for each year of credited service less than 20 years OR plus 2.0% to 2.5% for each year of credited service over 20 years, not to exceed 80%	2.5% per year of credited service, not to exceed 80%
Accidental Disability Retirement	50% or normal retirement, whichever is greater	
Catastrophic Disability Retirement	90% for the first 60 months then reduced to either 62.5% or normal retirement, whichever is greater	
Ordinary Disability Retirement	Normal retirement calculated with actual years of credited service or 20 years of credited service, whichever is greater, multiplied by years of credited service (not to exceed 20 years) divided by 20	
<u>Survivor Benefit</u>		
Retired Members	80-100% of retired member's pension benefit	
Active Members	80-100% of accidental disability retirement benefit or 100% of average monthly compensation if death was the result of injuries received on the job	

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on excess investment earning. PSPRS also provides temporary disability benefits of 50 percent of the member's compensation for up to 12 months.

C. Retirement Plans (Continued)

Public Safety Personnel Retirement System (PSPRS) (Continued)

Employees Covered by Benefit Terms – At June 30, 2015, the following employees were covered by the agent pension plans' benefit terms:

	PSPRS Police	PSPRS Firefighters
Inactive employees or beneficiaries currently receiving benefits	24	17
Inactive employees entitled to but not yet receiving benefits	4	4
Active employees	53	43
Total	81	64

Contributions and Annual OPEB Cost – State statutes establish the pension contribution requirements for active employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for pension and health insurance premium benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contributions rates for the year ended June 30, 2015, are indicated below. Rates are a percentage of active members' annual covered payroll.

	PSPRS Police	PSPRS Firefighters
Active Members - Pension	11.05%	11.05%
City		
Pension	23.33%	26.68%
Health Insurance Premium Benefit	2.14%	2.19%

For the agent plans, the City's contributions to the pension plan and annual OPEB cost and contributions for the health insurance premium benefit for the year ended June 30, 2015, were:

	PSPRS Police	PSPRS Firefighters
Pension		
Contributions Made	\$ 722,003	\$ 568,273
Health Insurance Premium Benefit		
Annual OPEB Cost	72,226	56,205
Contributions Made	72,226	56,206

During the fiscal year June 30, 2015, the City paid for PSPRS pension and OPEB contributions 100 percent from the General Fund.

C. Retirement Plans (Continued)

Public Safety Personnel Retirement System (PSPRS) (Continued)

Pension Liability – At June 30, 2015, the City reported the following net pension liabilities:

	Net Pension Liability
PSPRS Police	\$ 10,744,026
PSPRS Firefighters	9,031,015

The net pension liabilities were measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liabilities as of June 30, 2014, reflect the following changes of benefit terms and actuarial assumptions.

- The wage growth actuarial assumption was decreased from 4.5 percent to 4.0 percent.

Pension Actuarial Assumptions – The significant actuarial assumptions used to measure the total pension liability for PSPRS are as follows:

Actuarial Valuation Date	June 30, 2014
Actuarial Cost Method	Entry Age Normal
Discount Rate	7.85%
Projected Salary Increases	4.0%-8.0%
Inflation	4.00%
Permanent Benefit Increase	Included
Mortality Rates	RP-2000 mortality table (adjusted by 105% for both males and females)

Actuarial assumptions used in the June 30, 2014, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2011.

CITY OF NOGALES, ARIZONA
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 4 OTHER INFORMATION (CONTINUED)

C. Retirement Plans (Continued)

Public Safety Personnel Retirement System (PSPRS) (Continued)

The long-term expected rate of return on PSPRS pension plan investments was determined to be 7.85 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

PSPRS	Target Allocation	Long-Term Expected Real Rate of Return
Asset Class		
Short Term Investments	2%	3.25%
Absolute Return	4%	6.75%
Risk Parity	4%	6.04%
Fixed Income	7%	4.75%
Real Assets	8%	5.96%
GTAA	10%	5.73%
Private Equity	11%	9.50%
Real Estate	11%	6.50%
Credit Opportunities	13%	8.00%
Non-U.S. Equity	14%	8.63%
U.S. Equity	16%	7.60%
Total	<u>100%</u>	

Pension Discount Rates – The following discount rates were used to measure the total pension liabilities:

	PSPRS Police	PSPRS Firefighters
Discount Rates	7.85%	7.85%

The projection of cash flows used to determine the PSPRS discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Public Safety Personnel Retirement System (PSPRS) (Continued)

The amounts reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	PSPRS Police	PSPRS Firefighters
2016	\$ 422,481	\$ 183,981
2017	422,481	183,981
2018	422,481	183,981
2019	422,481	183,981
2020	61,327	273,887
Thereafter	-	117,532

Agent Plan OPEB Actuarial Assumptions – The health insurance premium benefit contribution requirements for the year ended June 30, 2015, were established by the June 30, 2013 actuarial valuations, and those actuarial valuations were based on the following actuarial methods and assumptions.

Actuarial valuations involve estimates of the reported amounts' value and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plans and the annual required contributions are subject to continual revision as actual results are compared to past expectations and new estimates are made. The required schedule of funding progress for the health insurance premium benefit presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of the plans' assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 4 OTHER INFORMATION (CONTINUED)

D. Other Postemployment Benefits

The City's liability for postemployment healthcare benefits other than pensions as of June 30, 2015 is based on the actuarial performed as of July 1, 2015.

Plan Description – The City provides postretirement insurance (health and dental) benefits, for certain retirees and their dependents, in accordance with the Post Employment Benefit Plan. The plan is a single-employer defined benefit plan administered by the City. Employees hired prior to July 1, 2004, with a minimum of 15 years of full-time service to the City, and have retired prior to June 30, 2014, will receive medical insurance provided by the City at no cost to the retiree until the retiree reaches age 65. Employees employed by the City after July 1, 2004, who retire and have attained age 50 and completed a minimum of 20 years of full-time service to the City, will receive a medical insurance subsidy provided by the City until the retiree is eligible for Medicare. The employee must be participating in one of the City's health plans to be eligible.

Retirees Receiving Benefits	85
Active Employees	<u>282</u>
Total	<u><u>367</u></u>

Benefits Provided – The City provides postretirement insurance (medical and dental) benefits (OPEB), in accordance with the City's Post Employment Benefit Plan, to eligible employees. Currently, 85 retirees meet those eligibility requirements.

Funding Policy – For each eligible retiree, the City pays for postemployment benefits on a pay-as-you-go basis. Generally, resources from the General Fund are used to pay these benefits. Although the City is studying the establishment of a trust that would be used to accumulate and invest assets necessary to pay for the accumulated liability, these financial statements assume that pay-as-you-go funding will continue.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2015**

NOTE 4 OTHER INFORMATION (CONTINUED)

D. Other Postemployment Benefits (Continued)

Annual OPEB Costs and Net OPEB Obligation – The City’s annual other postemployment benefit (OPEB) cost for each plan is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The amortization method is open ended. The City’s annual OPEB cost for the current year and the related information for the plan is as follows at June 30, 2015:

Annual Required Contribution	\$	3,646,596
Interest on Net OPEB Obligation		606,211
Adjustments to Annual Required Contributions		(619,485)
Annual OPEB cost		3,633,322
Contributions Made		665,366
Increase in Net OPEB Obligation		2,967,956
Net OPEB Obligation - Beginning of Year		13,599,958
Net OPEB Obligation - End of Year		\$ 16,567,914

Schedule of Funding Progress – As of June 30, 2015, the most recent actuarial valuation date, the City held \$-0- in assets and had an actuarial determined accrued liability of \$42.8 million. The plan is underfunded by \$42.8 million and annual covered payroll was 387.1 percent.

The City has underfunded the OPEB obligation and reports the underfunded amount as a liability in the government-wide financial statements. The City’s annual OPEB costs, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the current and prior years are as follows:

Fiscal Year Ended June 30,	Annual OPEB Cost	Employer Contributions	Percent Contributed	Net OPEB Obligation
2013	\$ 3,143,118	\$ 598,818	19.05%	\$ 10,822,560
2014	3,381,026	603,628	17.85%	13,599,958
2015	3,633,322	665,366	18.31%	16,567,914

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the status of the plan and the annual required contributions for the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

D. Other Postemployment Benefits (Continued)

Actuarial Methods and Assumptions – Projections of benefits are based on the substantive plan (the plan understood by the employer and plan members) and include the type of benefits in force at the valuation date and the pattern of sharing benefits between the City and plan members at that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions used for the current valuation are as follows:

Actuarial Valuation Date	July 1, 2013
Actuarial Cost Method	Entry Age Normal Cost Method
Amortization Method	30-year level dollar, closed period
Remaining Amortization Period	24 Years as of June 30, 2014
Asset Valuation Method	No Assets Held in an Irrevocable Trust
Actuarial Assumptions:	
Investment Rate of Return	4.50%
Healthcare Trend Rate	6.70% Increase
Inflation Rate	4.00%

E. Subsequent Events

On December 23, 2015, the Nogales Municipal Development Authority (MDA) issued \$7,805,000 Municipal Facilities Revenue Refunding Bonds, Series 2015 to partially refund \$7.8 million of the City's Municipal Facilities Revenue Bonds, Series 2006. These new bonds are due in annual principal installments ranging from \$635,000 to \$1,545,000 with semi-annual interest ranging from 3.25 percent to 4.0 percent through June 1, 2036. This refunding was undertaken to reduce total debt service payments by the City.

 JUNE 30, 2015**

NOTE 1 ACTUARIALLY DETERMINED CONTRIBUTION RATES

Actuarial determined contribution rates for PSPRS are calculated as of June 30 two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial Cost Method	Entry age normal
Amortization Level	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining Amortization Period as of the 2013 Actuarial Valuation	23 years for unfunded actuarial accrued liability, 20 years for excess
Asset Valuation Method	7-year smoothed market value; 20% corridor
 Actuarial Assumptions:	
Investment Rate of Return	In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0% to 7.85%
Projected Salary Increases	In the 2013 actuarial valuation, projected salary increases decreased from 5.0%-9.0% to 4.5%-8.5% for PSPRS
Wage Growth	In the 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5% for PSPRS
Retirement Age	Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006-June 30, 2011
Mortality	RP-2000 mortality table (adjusted by 105% for both males and females)

NOTE 2 INFORMATION PRIOR TO THE MEASUREMENT DATE

Information prior to the measurement date (June 30, 2014) was not available.

NOTE 3 ARIZONA STATE RETIREMENT SYSTEM PENSION PLAN

The pension liability and required contributions reported in the required supplementary information include the total pension liability and contributions for the City of Nogales. The amounts reported in the required supplementary information do not reconcile to the basic financial statements or notes to the basic financial statements because the liability, deferred outflows of resources, deferred inflows of resources and pension expense reported in the basic financial statements does not include the proportionate share allocated to the Nogales Housing Authority. The Nogales Housing Authority has a fiscal year end of March 31, 2015 and was not required to implement GASBS No. 68 and 71.

NOTE 1 FACTORS THAT AFFECT THE IDENTIFICATION OF TRENDS

Beginning in fiscal year 2014, PSPRS established separate funds for pension benefits and health insurance premium benefits. Previously, the plans recorded both pension and health insurance premium contributions in the same Pension Fund. During fiscal year 2014, the plans transferred prior-year health insurance premium benefit contributions that exceeded benefit payments from each plan's pension fund to the new health insurance fund.
